

**Exit Planning Exchange DC Metro, Inc.  
Sponsorship Opportunities and Benefits**

XPX is a national organization that provides networking, collaboration and educational opportunities for professionals focused on preparing business owners for the successful exit from their businesses. Our events are attended by a diverse and experienced group of individuals engaged in exit planning: corporate attorneys, CPA's, investment bankers, commercial bankers, wealth advisors, valuation and ESOP experts, and other professional service providers. Most events include an educational program featuring panels of experts, local business leaders, or current and former business owners. Preceding and following each program there is time dedicated to networking with sponsors, speakers and attendees.
